## BOARD OF EDUCATION

There was a called meeting of the Board of Education last night for the purpose of discussing and arranging preliminary plans for the new school buildings.

The meeting was called to order by Vice-President George Schwartz, with the following members in attendance—Cochran, Thomas, Poyntz, Calvert, Ryder, Yazell, Russell, Geisel and Taylor.

After an exchange of opinions in regard to various matters, Member Robert A. Cochran offered a motion embodying a resolution appointing six citizens, one from each Ward, as Advisory Members. After much talk, pro and con, as to the advisability of increasing the body, the motion carried by the following vote—

Yes—Cochran, Thomas, Ryder, Yazell, Russell, Geisel, Taylor.

No—Schwartz, Poyntz and Calvert.  
The motion and resolution as passed read as follows—

Whereas the School Board of the City of Maysville contemplates the sale of lot and District Schoolhouse No. 1, the High School Building and lot, and the District Schoolhouse No. 2 and lot, and the purchase of two suitable lots in the City of Maysville and the erection of school building, suitable for the District School in District No. 1, and the erection of a High School and District School Building combined for a High School and for District No. 2, and there is a necessity to appoint suitable Committees to take charge and manage all of the details of selling the lots as aforesaid, purchase suitable lots for the buildings as specified, and the erection of two new school buildings.

And now be it resolved by the School Board of said City of Maysville, that the School Board resolve itself into a Committee of the Whole, and in addition the following gentlemen act on this Committee, namely: Mr. S. P. Browning, Dr. Thomas E. Pickett, Mr. John C. Everett, Mr. John T. Short, Mr. J. I. Salisbury and Mr. P. P. Parker.

The said Committee shall organize at the earliest possible moment and take up at once the work set before it, appointing such sub-committees as in its judgment are necessary for the best interest of the work.

The Secretary was ordered to prepare and have inserted in the daily papers an advertisement calling for sites for the new buildings. Those having lots for sale in the First, Second, Third and Fourth Wards are to place sealed proposals in the hands of the Secretary, Fred Thomas, not later than Friday at 1 o'clock. The Secretary was also ordered to prepare an advertisement offering for sale the three buildings now used as a High School in the Third, District School in the Fourth and the building now in use in the First Ward.

The next meeting will be held Friday evening with the Advisory Members added.

Rabbits are reported very plentiful.

Major General William Rufus Shafter, United States Army, died at 12:45 p. m. yesterday at the ranch of Captain W. H. McKittrick, his son-in-law, near Bakersfield, Cal. He was Captain of the Company in which Lieutenant Nat P. Pfister of this city entered the Military service.

Secretary Fred Thomas has received in his mail seven letters from architects in various parts of the country desiring to submit plans and specifications for the new schoolhouse; he has also received twenty-five letters from financial institutions in regard to the purchase of the bonds.

The Independent says D. L. Bush and guest, Elasha Moran of this county, had a narrow escape Sunday afternoon while out driving. They were coming down the Pollard hill, near Ashland, when their horse stumbled and fell over a 10-foot embankment, carrying buggy and occupants with him. Both gentlemen were badly shaken up, but, after a careful investigation, found they were more scared than hurt, and had escaped with a few bruises.

Some days ago THE LEDGER placed a new Carrier on the Fifth and Sixth Ward routes. He failed to deliver a great many papers each day, and said he "forgot 'em" because he had a sore leg. If there's a good boy in that territory who hasn't a sore leg, and whose forgetfulness is out of repair, he can have the job.

Miss Nellie Clark, formerly one of Major Means's efficient clerks at Dan Cohen's shoe store, has accepted a position as stenographer and bookkeeper with the Daniels Coal Company, and Miss Jennie Hefflin, another popular clerk, has been appointed to fill the vacancy.

Dan O'Brien, regarded by thoroughbred turfmen as the greatest developer of yearlings in the country, died at his home at Lexington Sunday after an illness of several months. During his career on the turf O'Brien broke as yearlings some of the most noted horses known to the turf world.

Dr. Charles V. Vicory, aged 32, and Miss Emma Irvin, aged 19, both of this city, will wed tomorrow night at the residence of the bride's sister, Mrs. Oscar Crawford, 33 West Sixth street, Newport. The bride-to-be is a sister of Mrs. Edward Forman of East Second street. Congratulations are now in order.

GENERAL PERCY HALY is quite voluble in telling just how he knew it was "did."

THE election over, the Democratic-Dempsey-Reform government in Cincinnati has ordered the discharge of only eighty city employees in the Water-works Department alone. The other asylums for heelers and henchmen are to be heard from.

THEIR recklessness in slinging red ink in their mad desire to make an impression on the rabble in Cincinnati has caused the arrest of three so-called editors of The Post in that afflicted city. They will have to answer for criminal libel.

OFFICIAL returns from all the counties in the Eighteenth Illinois District give JOSEPH CANON, Speaker of the National House of Representatives, a plurality of 10,088. This is 2,000 larger than his plurality four years ago, and was probably due to the fight put up by Mr. GOMPERS against Uncle Joe.

THE Ninth District having gone Republican some more, and the Third and Tenth Districts having followed suit, I suggest that the next Democratic Legislature do some more gerrymandering. In case the necessary Democratic counties can't be found in Kentucky, the unconstitutionalists might reach over into Texas and get a few. This would be just as fair and just as legal as the redistricting acts of the last Legislature.

MR. BRYAN regrets the death of Mr. HEARST, whose counter regrets will come a little later on.

FOLLOWING the recent election, the Sanitary Bedding Company assigned at Louisville. No further use for its products since the ballot-box has been fumigated, the election thieves sterilized and the repeaters purified in that city.

WHILE on the Isthmus of Panama, President ROOSEVELT will look into conditions affecting employment of mechanics, data concerning which has been furnished by President GOMPERS and President O'CONNELL of the American Federation of Labor. Mr. O'CONNELL talked with the President principally about the machinists, about 400 of whom are now employed at the Isthmus. Their arrangement into classes is different from that in vogue in the United States, and which complicates matters. It is also alleged that the eight-hour law respecting this matter on labor is being violated, and President ROOSEVELT was asked to take up this and various other matters affecting the housing, transportation, etc., of the men; and it may be set down in advance that the President's report of affairs down there will make mighty interesting reading.

REASON ENOUGH.

"No," declared the young man, with a touch of sadness in his voice, "it may be that some day I shall be happy, but at present it is beyond me."  
His companions were interested.  
"There is a girl I love dearly," he continued. "She would have me if I asked her, but I dare not. I really cannot marry and live on \$6,000 a year."  
Consternation and pity were depicted on the faces of his friends.  
"You can't marry on \$6,000 a year?" asked one.  
"Why not?"  
"Why not?" echoed the youth. "Simply because I haven't the \$6,000."

**Costs Less.  
Use Less.**

These are two of the savings you make in baking with Chenoweth's Baking Powder. It costs less per pound and you get better results with a smaller quantity of it than of any other powder. The first saving (cost) is obtained because we make it ourselves and there's only one profit to pay, a small one at that. The second saving (less quantity) is due to the superior ingredients used in our powder and the fresh condition in which the powder reaches you. Try Chenoweth's Baking Powder next time and prove it.

**THOMAS A. MARSHALL**

**Elegant Tribute to His Character By One Who Knew Him**

The late Judge Marshall was born at his father's place, near Washington, Mason county, August 25th, 1834.

After a thorough classical training, received chiefly from his uncle, Louis Marshall, and at Kenyon College, Ohio, he studied law and went to St. Louis in 1862. From that point, with a party of pioneers, he ascended the Missouri river to Wyoming, and from there he went to Salt Lake City in 1866, and was admitted to practice before the Supreme Court in 1872. A legal career thus auspiciously begun could not fail to be brilliantly successful. He became the great railroad and mining lawyer of the inter-mountain region of the West. Upon the record of this career of forty years rests the following estimate of his character. It is from the pen of an eminent citizen of Salt Lake:

"The death of Hon. Thomas Marshall removes a landmark of good citizenship, toward which the eyes of the men of Utah have been turning for a full generation. His sense of honor was of the highest; his absolute integrity was never questioned; his trustworthiness was supreme. Proud of his lineage, the thought was inherent in his soul that he must be worthy of it every hour of his life.

"In his every day life his kindness and sincerity were perhaps his most pronounced traits. He was true to every obligation of life; as particular about small things as great; the ledger of his obligations to men was balanced every night; his life was as blameless as it was high, his sphere among men was a lofty one and every day he moved in it with the precision of the fixed stars.

"His tall form was seen on these streets for forty years, and his life was such that not one reproach will follow him to his grave. He was so eminent in his profession that at the Bar he took a front place from the beginning and maintained it to the end.

"He lived without reproach; he died without fear. His sufferings have been very great for months but he bore them with a Spartan manliness which was an astonishment to all who were at his bedside. They were so great that it was with a sense of relief to those who watched over him, when they saw that he had entered into his final rest; that the hush of eternity was upon him. 'All hail and farewell.'"

Goatskins to the value of \$32,000,000 were imported into the United States in the fiscal year 1906 against \$10,000,000 worth a decade earlier. India contributed \$11,000,000 this year.

A ripple was caused at the Capitol by the action of Representative Pollard of Nebraska, in turning back to the Sergeant-at-Arms of the House \$1,865 of back salary to which he thought he wasn't entitled.

Franklin Stone, formerly of Philadelphia, now of Paris, wanted in connection with the \$7,000,000 failure of the Storey Cotton Company at that place, slipped into Cincinnati Saturday and then slipped quietly out again.

**Cooper's Medicines In Great Demand**

The remarkable demand for the New Discovery medicines with which L. T. Cooper has been having such wonderful success in the cure of Stomach and Kidney trouble, Catarrh, Rheumatism and other diseases seems to increase every day. His visit in New Orleans for the past few weeks has created a sensation in the South, the like of which has never been known.

His remedies are well known in this section of the country, and the famous cures which they have effected in St. Louis, Milwaukee, St. Paul, Minneapolis, and other large cities of the Central Western states are well remembered. The retail druggists say they have never known any medicines for which there was such a constant demand and the continued reports of marvelous cures that are being published everywhere are a topic of universal interest.

The newspapers of New Orleans are still printing interviews with those whose cases are most extraordinary and as this, the last week of Cooper's visit draws to a close, the excitement seems to have increased rather than abated.

One case in particular that has attracted especial attention during the past few days is that of Mr. Leon Labusquiere, 1014 Burgundy St., New Orleans, who had been sick for fifteen years and had doctored for various diseases without result. There was a bright twinkle in the man's eye and a radiant smile on his face as he greeted his interviewer the other day, which seemed to bespeak anything but poor health. "I shall be pleased to state my experience," he said, in answer to a request, "for my case has been a most remarkable one, and I am glad of the opportunity to tell the public what

these wonderful medicines have done for me. My suffering for the past fifteen years has been more than I can describe, for during all that time I have seldom had a well day. My appetite was very irregular. Sometimes I could not get enough to eat and at other times the very sight of food would make me sick. I suffered greatly from constipation. I did not seem to get any strength from what I ate, was always tired, and the slightest exertion would wear me out completely. It was a great effort for me to attend to my duties. I was very nervous and at night I could not rest well. I would wake up in the morning feeling as tired as when I went to bed. There were few days that I did not have a dreadful headache and times would have queer dizzy spells. I thought for a time that I had Catarrh and doctored for it, but without relief. Nothing I could do seemed to benefit me, and when I began to hear of the wonderful success Cooper was having with his medicines in the treatment of cases similar to mine, I began using his medicines.

"After I had taken his New Discovery medicine only a few days a horrible tape-worm of enormous size passed from my system and then I knew what had been causing me all this trouble. From that time I improved rapidly and now feel well and strong again. I will gladly give any information I can to any one who is suffering as I was."

The sale of Cooper's medicine in Maysville has been phenomenal and at T. J. Chenoweth's Drugstore, where the remedies are sold in this city, it is said that some very remarkable cures have been reported right here at home.

**DANGER IN DELAY.**  
**Kidney Diseases Are Too Dangerous for Maysville People to Neglect.**

The great danger of kidney trouble is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:  
"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them the strongest kind of recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore and I noticed an improvement in my condition from the start. My trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."
